**For one weekend only, the 37th Annual Houston Home Show is your source for all your home improvement needs.**

This April 7 & 8, get inspiration for your next project in the brand-new George R. Brown Convention Center and be in the middle of Houston's revitalized downtown across from the bright energy of Discovery Green. From windows and doors to roofs and floors the show has it all, including experts that can answer your home improvement, interior design, or home rebuilding questions. Visit with hundreds of companies for indoor and outdoor solutions all under one roof. Comparison shop a complete selection of pools and hot tubs, contractors and remodelers, outdoor living and more at the Houston Home Show.

The Houston Home Show also shines a spotlight on Houston's hottest chefs with our fourth annual Foodie Spotlight. Cleverley Stone returns to host the feature, which will include cooking demonstrations and tons of free samples. Don't forget to take a recipe home with you to try on your own.

This year's Foodie Spotlight will include gourmet cooking demonstrations from Roegels Barbecue Co., HS Green, Maggiano's, Emmaline, The Tasting Room, and Jonathon's The Rub, as well as Chef Rey, the Executive Team Chef for the Houston Rockets. Chef Rey has written several books including, "It's All About Color: The Journey of Becoming Chef Rey," and "Embodies Culinary Zeal & Zest." His new book, "Food Meets Athlete," released in 2018, gives insight on how food and nutrition play an integral role in being able to give your best performance.

This show has something for everyone. In addition to home improvement experts and the Foodie Spotlight, there is also a FREE KidsZone. The little ones can have fun and play out all their energy on inflatables and more.

Bring your appetites and ideas to the George R. Brown Convention Center this April 7-8th, and get ready to start your next project.
